

BOURBON BIBLE

— WHAT IS BOURBON? —

Bourbon is a type of American whiskey, a barrel-aged distilled spirit made primarily from corn. The name is derived from the French Bourbon dynasty, although it is unclear precisely what inspired the whiskey's name. Bourbon has been distilled since the 18th century. The use of the term "bourbon" for the whiskey has been traced to the 1820s, and the term began to be used consistently in Kentucky in the 1870s.

OUR FEATURED BOURBON

JIM BEAM

BLACK EXTRA-AGED BOURBON

Launched in early 2013, this is Bulleit's first age-statement product. Aged 10 years, this bourbon is made with a mash-bill of 68% corn, 28% rye, and 4% malted barley. Notes of clove, cinnamon, maple sugar, and tea fill the nose nicely with a palate of baked apples and a holiday stuffing. The decently long finish brings with it the barrel, along with more hearty and homey spice.

ANGELS ENVY BOURBON WHISKEY

Angel's Envy Kentucky Straight Bourbon is finished in port wine casks for an award-winning spirit. We guide each batch's conditioning, blending our hand-crafted bourbon in small batches of 8 to 12 barrels at a time. It's typically aged for up to 6 years. Once it's deemed ready, we finish our bourbon in ruby port wine casks, which adds distinct flavor nuances that enhance the whiskey without challenging it.

BAKER'S BOURBON

Baker Beam, nephew of Jim Beam, is the namesake for this installment of the Jim Beam Small Batch Collection. Baker's is 2nd youngest, but next to highest proof in the collection and utilizes a yeast strain that has been in the family for more than 60 years. Note: One of the unsung heroes from the Small Batch Collection.

BASIL HAYDEN'S BOURBON WHISKEY

One of the four bourbons in the Jim Beam, Small Batch Collection and bottled at a much lighter 80 proof, Basil Hayden is an easy drinking, well balanced whiskey. Beam Global recreated Basil Hayden, Sr's original mash bill when producing this bourbon as Hayden is credited with increasing the percentage of rye in the mash.

BIB & TUCKER SMALL BATCH

Bib & Tucker was a term noted to describe a tuxedo or fanciest attire one might wear to a wedding, and Harv Gates the brand ambassador of 35 Maple Street Spirits says that exactly what they are doing. This is a sourced bourbon from an undisclosed distillery. It uses a mashbill of 70% corn, 26% rye and 4% barley and is aged in No. 1 charred American oak for a minimum of 6 years.

BOOKER'S[®] BOURBON WHISKEY

Part of Jim Beam's "Small Batch Collection", this cask strength bourbon was first given out as gifts by Booker Noe before being made available to the public in 1992. Aged between 6-8 years and bottled anywhere from 120 to 130 proof it's a bourbon with a bite and should be bloomed with some water.

BUFFALO TRACE DISTILLERY

BULLEIT[®]

FRONTIER
WHISKEY BOURBON WHISKEY

Produced at Four Roses in Lawrenceburg, KY, Bulleit is aged a minimum of six years and has a rather high rye content. The Bulleit label was revived by Tom Bulleit and was first produced for friends and family by Augustus Bulleit in the early 1800's. While Augustus never sold his product, Tom first started producing his version of this "Frontier Whiskey" around 1987.

BULLEIT[®]

FRONTIER

COPPERSEA

HERITAGE DISTILLING METHODS

BOURBON WHISKEY

Excelsior Bourbon is the first 100% New York Bourbon: Made in New York from Hudson Valley grains, and aged in barrels made in NY from New York-harvested American white oak. It is likely the first whiskey of any kind aged in New York oak since prohibition, and probably long before that era. We named it for the state motto Excelsior meaning "Ever Upward."

CUTWATER BLACK SKIMMER

Cutwater Spirits is proud to present Black Skimmer Blended Straight Bourbon Whiskey. A blend of straight bourbon whiskeys with notes of honeysuckle, caramel, and vanilla.

BOURBON WHISKEY

Eagle Rare Bourbon Whiskey is masterfully crafted and carefully aged for no less than ten years. Every barrel is discriminately selected to offer consistent flavor but with a seemingly individual personality. Eagle Rare is a bourbon that lives up to its name with its lofty, distinctive taste experience. The nose is complex, with aromas of toffee, hints of orange peel, herbs, honey, leather and oak.

ELIJAH CRAIG[®] BOURBON

SMALL BATCH 1789

This small batch bottling (200 barrels per batch) is comprised of selected whiskeys 8-12 years of age. This no-age statement product was introduced in early 2016 to replace the 12-year age statement (a barrel illustration on the original label took place of the number 12). Later in the year, Heaven Hill redesigned its packaging again, with the year "1789" now embossed on the glass.

GEORGE Dickel. TENNESSEE WHISKY

NO. 12 SOUR MASH

George Dickel's 90-proof Tennessee Whisky. We blend older whiskies to achieve deep, assertive flavors with an incredibly smooth finish. Bold and brazen, this is our Superior No. 12. Concentrated flavors of rich oak and subtle vanilla lead to a long finish with hints of maple, butter and smoke. A whisky with enormous depth, range and personality - considered by many to be the gold standard of Tennessee Whisky.

HENRY DU YORE BOURBON WHISKEY

This is a high-rye mash bourbon made by Tad Seestedt at Ransom Spirits, tucked down in the hills of NW Oregon. Distilled in a 300-gallon Pruehlo alembic copper pot-still, it is aged for at least 2 years in American oak, though it does see some additional aging in French oak. It is then hand-bottled, labeled, and wax-sealed. The labeling depicts a bootlegger using the faux name Henry DuYore to hide his real identity.

AMERICAN PRARIE

American Prairie Bourbon is a complex blend of straight bourbons producing an aromatic whiskey that helps preserve the West. Great in cocktails, but has the complexity to stand on its own.

HIRSCH KENTUCKY BOURBON WHISKEY

This whiskey is distilled in Lawrenceburg, Indiana. This release consists of a blend of bourbons ranging from seven to nine years old, which is exceptionally mature for bourbon at this price point. Two mash bills are married together, one with 21% rye and the other with 35% rye, resulting in a relatively high rye content of approximately 26%. The high rye content adds a distinctive spice character that balances the sweetness of the corn, making this a bourbon that is excellent sipped on its own or used in your favorite bourbon cocktail.

HUDSON WHISKEY

BABY BOURBON

When you take the Hudson New York Corn Whiskey and store it in a first-use charred American Oak barrel, out pops the Baby. The barrel aging process gives this spirit a light sweetness and deep amber color. This 100% corn bourbon has a bright, defined taste and a warm finish with notes of marzipan and roasted corn.

GENTLEMANS JACK

Just like Jack Daniel's Tennessee Whiskey and Jack Daniel's Single Barrel, Gentleman Jack is charcoal mellowed before going into the barrel. Gentleman Jack, however, receives an additional "blessing" when it is charcoal mellowed again after reaching maturity - making it the only whiskey in the world to be charcoal mellowed twice, giving it ultimate smoothness. When you drink Gentleman Jack, do so with pride, for this is the whiskey a gentleman orders.

JACK DANIEL'S

Tennessee Traditions **SINGLE BARREL**

You know Jack, now meet its more mature, and more oaky bigger brother. This Tennessee whiskey is Jack Daniel's Black Label with a lot more bite. Not much of story on this bottle; It's Jack, just one barrel at a time. Bottled at 94-proof, Single Barrel Select layers subtle notes of caramel and spice with bright fruit notes and sweet aromatics for a Tennessee Whiskey with one-of-a-kind flavor.

JEFFERSON'S **RESERVE**

In 1997, when Jefferson's was first starting out, we found a 15-year-old bourbon that we immediately knew was rich, complex & needed to be brought to market. It was in 2003 that we decided to bring in other bourbons to marry with the original Jefferson's Reserve. We still use over 50% of that mash bill and add up to 3 more bourbons to create more flavor & complexities.

JEFFERSON'S **OLD RUM CASK FINISH**

Made in homage to Thomas Jefferson, this bourbon was first aged in new American oak barrels for approximately eight years before being extra-matured in ex-rum barrels from Gosling's Family Reserve for an additional fifteen months.

JEFFERSON'S PRITCHARD HILL CABERNET CASK FINISHED

Jefferson's Bourbon is made in very small batches. Actually, ridiculously small batches. We take up to four different Kentucky straight bourbon whiskies of different ages and marry them together. Doing this, we get a lot of complexity & balance while maintaining the consistency needed in a bourbon (one of the blends comprising of at least 55% of the total).

JIM BEAM SIGNATURE CRAFT 12 YR.

A 12 year-old bourbon, Signature Craft is impressive in the barrels chosen for this bottling. The wood tannins and spices are very well integrated. What might be most surprising of all is that Jim Beam didn't have a 12 year old on the market until 2013. This appears to be a product that is here to stay, and that is a very good thing (the price is another).

JIM BEAM BLACK EXTRA AGED

Launched in early 2013, this is Bulleit's first age-statement product. Aged 10 years, this bourbon is made with a mash-bill of 68% corn, 28% rye, and 4% malted barley. Notes of clove, cinnamon, maple sugar, and tea fill the nose nicely with a palate of baked apples and a holiday stuffing. The decently long finish brings with it the barrel, along with more hearty and homey spice.

JIM BEAM

RARE SPANISH BRANDY

Rather than finishing the bourbon in casks that were previously used to mature brandy, Jim Beam Signature Craft Rare Spanish Brandy is made by adding a small aliquot of rare Spanish brandy to the bourbon. As a result, the bourbon has sweet notes of dates, raisins and figs that give way to graceful notes of caramel, vanilla and cinnamon.

JIM BEAM

BONDED

Jim Beam Bonded is the closest thing to original recipe you can buy on the market. Made to the same specifications it would have had to meet as far back as 1897, it's federally bonded and bottled at 100 proof. If you don't believe (or care) about all the jargon, this is the takeaway: This bottle is the classically trained big brother to the stuff you likely got started on. It's oaky, spicy and sweet, and makes great cocktails.

JIM BEAM

DOUBLE OAK

Jim Beam Double Oak was released into the Global Travel Retail market in July 2016. It is a Kentucky Straight Bourbon Whiskey which is initially aged in new, charred American oak before being transferred to another oak barrel to finish aging.

KNOB

CREEK® RESERVE

This addition to the Knob Creek line is aged for 9 years as is the standard bottling, but is bottled at 120 proof instead of 100 like the original. The Single Barrel Bourbon may vary from bottle to bottle as is the nature of the category. The aroma has a nice sweet and spiced character to it with maple, vanilla, and toasted oak standing out. It sips slow and steady with everything in balance.

KNOB

CREEK® KENTUCKY BOURBON WHISKEY

Created to represent whiskey before it was mass produced, Knob Creek embodies the look, feel and taste of pre-prohibition bourbon. This is a long-aged, high-rye bourbon from Jim Beam. Tasting notes included an aroma of toasted nuts, grain & oak. A rich, sweet, woody taste & a long, rich finish.

KNOB

CREEK® SMOKED MAPLE

Master Distiller Fred Noe credits his father as inspiration for Knob Creek's first expression of flavored whiskey. Booker Noe, his father, was the previous Master Distiller for 40 years and known as "The Innovator." Along with innovating bourbon, he also enjoyed smoking his own meats and making his own maple syrup. This Kentucky straight bourbon is blended with natural flavors and bottled at 90 proof.

LARCENY[®] BOURBON WHISKEY

Larceny was hand selected by the Master Distillers to have a taste profile of a six year-old Kentucky Straight Bourbon Whiskey. Made with wheat as the secondary grain, instead of the traditional rye, Larceny is a smoother tasting Bourbon. It has a bright new copper color, along with a fresh bread and toffee aroma. The taste includes buttery caramel and honeyed notes, with a rich mouthfeel. It's finish is long, gently sweet and savory.

LEGENT BY JIM BEAM

Legent is a collaboration as distinct as the two whiskey legends who made it. Fred Noe from the founding family of bourbon and Jim Beam's seventh-generation Master Distiller and Shinji Fukuyo from the founding house of Japanese whisky and Suntory's fifth-ever Chief Blender. Together they created a blend of several unique bourbons aged in newly charred white oak barrels and some extra-aged in wine and sherry casks. The result is a rounded and balanced bourbon that is layered, complex and unlike anything you've ever tried.

Maker's S^{IV} Mark[®] BOURBON WHISKEY

Maker's Mark Bourbon is made slowly in small batches, in our National Historic Landmark distillery in Loretto, Kentucky. While it makes any cocktail better, a lot of folks still prefer it on its own, or over ice with a splash of water.

Maker's SIV Mark® 46 BOURBON WHISKEY

This is Maker's Mark with a beautiful finish! Maker's 46 is fully matured Maker's Mark, wheated bourbon finished off in Maker's barrels that have seared french oak staves inserted in them. Instead of charring the wood the way you would with a new oak barrel, they sear the stave in order to bring forth and caramelize the sugars in the wood. After 2-3 months in the altered barrel you have a new, fully integrated product.

SMALL BATCH BOURBON

Grass Widow Bourbon comes from Two James Spirits, the first distillery to open in Detroit, Michigan since prohibition. With the help of distiller David Pickerell, Grass Widow, named for a regional pre-Prohibition whiskey brand, is a sourced high-rye bourbon mash bill (36% rye, 60% corn, 4% barley) blend that was aged in new oak, then given a finish in ex-Madeira casks.

SOUR MASH

During the 1970s and 1980s, Michter's Original Sour Mash Whiskey was the distillery's single most popular product. Includes warm toasted burnt sugar notes with spice, sweet, smoky fruit, candied cherries, and honeyed vanilla, remarkably elegant. Starts out like bourbon, finishes like a rye.

REDEMPTION BOURBON

Redemption's take on bourbon is as modern as the sleek and eye-catching bottle. This flavorful blend was distilled in Indiana. This is the medium rye offering, although there is also a high-rye bourbon if you really want your socks blown off. The recipe includes a mash bill of 75% corn, 20% rye, and 5% malted barley. Enjoy the sweet and sour introduction that melts into caramel, mild woody spices and tangy raspberry.

RUSSELL'S RESERVE 10 YEAR

Only a handful of barrels are selected in small batches from the middle section or "center cut" of the rick house by Master Distiller, Jimmy Russell and his son, Associate Master Distiller, Eddie Russell. The whiskey ages for a minimum of 10 years in the deepest no. 4 char, or alligator charred barrels for richer color and deeper flavor.

SPRINGBROOK

This high-rye bourbon is made from a non-GMO mashbill of 60% corn, 36% rye, and 4% malted barley, the same recipe as their standard bourbon. Similarly, it ages at least 7 years and is non-chill-filtered. As the name implies, this variant has been bottled from a single barrel and at cask strength, generally between 109 and 118 proof.

SOUTHERN TIER STRAIGHT BOURBON

Beautiful vanilla and leather-scented, deep golden brown bourbon. Smooth caramel and oak, lingering like the last light of day on the waters of nearby Lake Chautauqua. Made in small batches with 100% New York State grains and perfectly aged for over two years in open-air-seasoned premium white oak barrels with a #3 char.

STAGG JR. BARREL PROOF

George T. Stagg built the most dominant American distillery of the 19th century, during a time known as the Gilded Age of Bourbon. Uncut and unfiltered, this robust bourbon whiskey ages for nearly a decade and boasts the bold character that is reminiscent of the man himself.

STILL THE ONE WESTCHESTER 914

StillTheOne's Westchester 914 is floral and soft in taste and after aging in a new American oak barrel it developed into a rich, flavorful spirit with hints of honey, vanilla, and burnt orange.

TOWNBRANCH BOURBON

Town Branch is infused with a golden amber honey color, which is an inviting introduction to this masterfully crafted bourbon. Pleasant woody and oaky aromas lead into caramel, toffee, brown sugar, and hints of cherry. The lavish and complex flavors are smooth and sweet with a gentle warming leading to a long finish.

VERY OLD BARTON BOURBON WHISKEY

Very Old Barton has been carefully distilled and aged for generations in Bardstown, Kentucky. This classic bourbon whiskey has a bold and rich taste that goes down smooth, just as it has for decades.

Widow Jane. An interesting name and an even more interesting distillery. The name comes from the Widow Jane Mine in Rosendale, New York, the distillery comes out of Red Hook, Brooklyn. All the Widow Jane products are distilled and proofed with water from the limestone caves of the aforementioned mine. The special chemical properties of the water give their artisan Spirits the base to really do their own thing.

LONGBRANCH

This Eight Year-Old Wild Turkey Bourbon is refined with Texas mesquite and oak charcoals for deeper flavor and complexity. The aroma is a balanced blend of vanilla and spices. Flavors of caramel, pear, and hints of citrus round out the palate, while the subtle, smoky finish is buttery smooth—with notes of gentle pepper and toasted oak.

RYE WHISKEY

— WHAT IS RYE? —

Rye is similar to bourbon, but it's made from at least 51% rye instead. The rest of the mixture often comes from barley or corn. It is not uncommon to find rye whiskey that is 95-100% rye. In America, the production regulations on rye are almost identical to bourbon. As with bourbon, it must be aged two years before being called "straight" rye whiskey.
